

SATHISH S

React Developer

📍 Bengaluru 📞 9626225280 ✉ sathishs.webdev@gmail.com 🔄 sathish-s-dev 📁 portfolio

🏆 PROFESSIONAL SUMMARY

- Proven experience as a JavaScript developer with a strong focus on **React.js**.
- Demonstrated expertise in utilizing advanced React.js features such as **Hooks** and **Context API** for state management
- Proficient in state management libraries such as **Redux Toolkit** and **Zustand**.
- knowledge of **JavaScript typing systems (TypeScript)**
- Familiarity with code versioning tools such as **Git**.
- Experience in working with **asynchronous state management** library (**tanstack query**) and Animation Library (**Framer Motion**).
- Skilled in integrating **OAuth** providers such as **Google**, **Facebook**, and **GitHub** to streamline user authentication processes and enhance application security.
- Knowledge of REACT tools including React.js, **Webpack**, **Enzyme**, **Redux**, **vite** and **Flux**.
- Experience with user interface design.
- Proficient in testing frameworks like **Jest** and **Cypress** for thorough testing and debugging of React components.
- proficient in integrating **RESTful APIs** to enhance the functionality and data exchange capabilities of web applications.
- Experience working with GraphQL database through **Apollo client**.
- Find, prioritize, and fix **security vulnerabilities** in code, dependencies, containers using **snky security Platform**.
- Good Experience in develop responsive application using CSS frameworks (**TailwindCSS**, **SASS**), which allowed the same application to be optimized for multiple devices.
- Developing and implementing highly-responsive user interface components using React concepts.
- Proficient in using monitoring tools like GTMetrix to track performance metrics and profiling tools like **Chrome DevTools** or **React DevTools** to analyze application
- Ability to **write clean, readable, and easily maintainable** code.
- Skilled in ensuring cross-platform compatibility and optimization in React Native apps for both iOS and Android platforms, addressing platform-specific differences and ensuring consistent user experiences.
- Significant experience working with CSS, HTML, functional programming, and more advanced **ECMAScript** specifications.

🧠 SKILLS

Frontend Tools (React.js, TypeScript, TailwindCSS, ApolloClient, HTML5, CSS3, JavaScript,)

Testing (Jest, Cypress, Vitest) | **Tooling and Workflow** (Vite, ESLint, Git)

Design Tools (Figma, Photoshop) | **Backend Tools** (Node.js, Express.js, Next.js, Firebase)

📁 PROFESSIONAL EXPERIENCE

Vistara Informatics

React Native Developer
client: Cognizant Technology Solutions

04/2023 – present | Bengaluru, IN

React.js Developer
client: Cognizant Technology Solutions

06/2022 – 04/2023 | Bengaluru, IN

PROJECTS

E-Learning Platform

client: Cognizant Technology

Designation: React Developer

Environment: REACT.JS, TYPESCRIPT, HTML, CSS, NODE.JS, GIT

Roles and Responsibilities:

- Developed an e-learning platform using React.js, Redux, and Firebase Realtime Database.
- Designed a responsive user interface for accessing course materials, quizzes, and assignments.
- Implemented features such as user authentication, course enrollment, and progress tracking.

Interactive Data Visualization Dashboard

client: Cognizant Technology

Designation: React Developer

Environment: REACT.JS, TYPESCRIPT, HTML, CSS, NODE.JS, GIT

Roles and Responsibilities:

- Developed a data visualization dashboard using React.js, D3.js, and Chart.js to provide insights into sales and marketing analytics.
- Implemented custom interactive charts and graphs for visualizing complex datasets.
- Integrated with RESTful APIs to fetch data and implemented data caching for faster rendering and improved user experience.

Event Management Platform

client: Cognizant Technology

Designation: React Developer

Environment: REACT.JS, TYPESCRIPT, HTML, CSS, NODE.JS, GIT

Roles and Responsibilities:

- Developed an event management platform using React.js, MongoDB, and Express.js for back-end services.
- Implemented features such as event creation, ticketing, attendee management, and analytics reporting.
- Integrated with third-party APIs for geolocation services, payment processing, and social media sharing.
- Designed and implemented a responsive web application with a focus on usability and accessibility.

Finance Management Dashboard

Client: Capgemini

Designation: Front end Developer

Environment: HTML, CSS, JAVASCRIPT, GIT

Roles and Responsibilities:

- Developed a finance management dashboard using React.js, Chart.js, and Material-UI for visualizing financial data.
- Implemented features such as income and expense tracking, budgeting, and financial goal setting.
- Integrated with Plaid API for fetching transaction data from multiple bank accounts securely.
- Designed and developed customizable dashboard widgets for personalized financial insights.

PERSONAL PROJECTS

Personal Portfolio Application

Portfolio website (Next.js, React.js, Tailwind CSS, ESLint)

- Developed a responsive portfolio website using Next.js, Tailwind CSS, ESLint, and Firebase.

- Using Next.js and SSR
- Implemented features such as project showcases, skills section, and contact form.
- Deployed the website to Vercel and integrated Firebase Firestore for storing contact form submissions.

Watch

Movies App (React, Vite, Typescript, Tailwind CSS, EsLint)

- Developed a feature-rich movie application using React, Vite, Typescript, and Tailwind CSS, offering users a seamless experience in exploring trending, popular, and upcoming movies.
- Implemented Firebase Authentication to enable users to sign in securely using their Google accounts, enhancing user engagement and personalization.
- Integrated Firebase Firestore to allow users to add and manage their favorite movies, creating a personalized movie list feature.

Interno

Interior website (React, Next.js, Typescript, Tailwind CSS, EsLint)

- Designed and developed a responsive and visually appealing website for an interior furniture company.
- Utilized Next.js, Typescript and Tailwind CSS to create interactive features and ensure cross-browser compatibility.
- Optimized website performance and implemented SEO best practices to enhance search engine visibility.
- Live site url: <https://interno-rouge.vercel.app/>

EDUCATION

TPGIT - Vellore, Tamil Nadu - 632002. 
B.E. Mechanical

2017 – 2021

LANGUAGES

English • Hindi • Tamil
